- (i) Should a game be terminated before half time, the game is considered a draw.
- (ii) Should a game be terminated after half time, the team with the highest score at that time wins.
- (iii) No games will be rescheduled to another date or time.

For Grand Finals both teams will be consulted on a mutually agreeable time and venue for a reply or balance of time remaining for the game. If all parties are non-agreeable then the Domestic Committee will decide the fairest outcome.

4.5 Finals

4.5.1 Team Eligibility for Finals

Team eligibility to play in finals will be determined by the finals system used (refer to Rule "Finals System"), and the position of the team on the ladder following the last round of competition. The position on the ladder will be determined by:

- (i) Premiership points awarded, then
- (ii) Overall percentage (points scored by the team for the season divided by points scored against the team for the season times 100%), then
- (iii) Where teams are still tied for position, aggregate score differences in games played between the two (or more) team will determine the placing (eg, Team A won by 7 points, then later in the season lost by 8 points to Team B – Team B finishes above Team A).
- (iv) If the team who finishes first or second after the regular season cannot participate in the semi finals they will be considered withdrawn from the competition and the 5th placed team moves into the finals system.

4.5.2 Finals System

Generally (see Exceptions, below), the top four teams in a grade will play off in a Finals series, as described in the following:

Semi Finals

Game 1: 1st vs 4th
Game 2: 2nd vs 3rd

Grand Final

4) Game 1 Winner vs Game 2 Winner

Exceptions:

- (i) Where a grade has less than four teams, a finals system will be played that accords with the number of teams involved. The WPBA Manager will determine this system.
- (ii) No finals series shall be conducted for the Under 8 Mixed competition.
- (iii) A division may have an A & B Final based on more than 10 teams in that division. In this case, the top 4 will contest the A Finals and the teams placed 5th to 8th will contest the B Finals

4.5.3 Player Eligibility for Finals

To be eligible to play in the Finals, all players will need to meet the following criteria:

- (i) Have registered under the team and/or Club.

WESTERN PORT

BASKETBALL ASSOCIATION

(ii) Shall have played with the team in question a minimum of 60% of games fixtured for that team rounded up to the next whole number of games. A player is deemed to have played a game by having signed the back of the score sheet.

(iii) Any player, who, through injury or other considered just cause, has not been able to play the required number of rounds to qualify for the Finals, may apply to the Domestic Committee for consideration. Such application to be made in writing with a medical certificate or other appropriate documentation where applicable, at least seven days prior to the date of the finals series commencement.

(iv) Compulsory training sessions for selection in State teams and NDP Camps shall be counted as games played in lieu of corresponding WPBA competition games, provided that the player has actually played for that team in no less than one quarter of the fixtured games for that team (rounded down to next whole number where necessary). The team/Club should supply, to the Domestic Committee, a letter signed by the State coach conducting the training sessions in which the player has participated, including the dates of such training sessions.

(v) For the Final Series, if a team is reduced to less than 5 players, the next part qualified player may be added to the team, under the direction of the Domestic Committee. In the situation where a qualified player becomes available later in the Final Series, and the team otherwise has a minimum of five (5) players, the part qualified player cannot play.

4.5.4 Special Arrangements for Juniors

Junior players may also compete in more than one age group finals series, provided they have qualified in each age group, in accordance with the above criteria.

5. Player Management

5.1 Movement between Grades/Age Groups within a Club

5.1.1 Definitions:

- (i) Each season stands on its own, and there is no carry forward of requirements from one season to the next.
- (ii) The term “games” refers to non-finals games, and byes do count as games played.
- (iii) The term “normal age group” means the lowest age group in which a player is eligible to play.

5.1.2 Play in Different Teams in One Round

Subject to compliance with the rest of this Rule; a player may play up a grade (B Grade can play A Grade but not the reverse) within their age group. A player can play in a higher grade no more than three games before they are classified as a permanent player within the higher graded team.

5.1.3 Player whose Team has a Bye

A player, who plays for a team that has a bye in a given round, may only play with a team from the same Club in a higher age group (where this is possible) in that same round.

5.1.4 Senior Player Provisions

A player from a senior team may play in both grades (B and C) for the duration of the competition. Competition management will not fulfil any requests to ensure both teams are scheduled at different times.

5.1.5 Play in Different Age Groups

The following provisions apply to players who play in more than one age group:

- (i) A player may play in an older age group than their normal age group.
- (ii) A junior player, playing in an older age group, may only play in that age group provided they are competing in their own age group to ensure the quality of the competition. (eg. A player from a team in U14

WESTERN PORT

BASKETBALL ASSOCIATION

can play in a team in U16 "A" or "B" Grade provided they are playing U14).

(iii) A Club may apply in writing to the Association for any variation to this Rule.

5.2 Penalties for Illegal Player Movements

The penalties described below will apply to illegal player movements (refer to Rule "5.2 Unregistered Players", Rule "5.3 Movement Between Grades/Age Groups within a Club" and Rule "5.4 Movement Between Clubs").

(i) Where a team that illegally plays a player, wins such a game, that win shall be forfeited, and the game result will be recorded as a twenty (20) points to zero (0) points win by the respective opponents. Also, as a result, the opponents will be awarded three (3) premiership points, and the penalised team will be awarded zero (0) premiership points.

(ii) Where a team that illegally plays a player, loses such a game, that game result shall stand. However, while the opponents are awarded three premiership points, the penalised team will be awarded zero (0) premiership points.

(iii) Games illegally played by a person shall NOT be credited to the player's total games for finals eligibility (refer to Rule "Player Eligibility for Finals").

5.3 Unregistered Players

After the grading process (refer to Rule 4.1.2 "Re-grade Process"), a team playing an unregistered person(s) shall lose premiership points gained from the first game in which that person played whilst unregistered. No further penalty shall be incurred until official notification has been made to the team/Club. After notification, the team shall lose all subsequent points and the result of affected games will be revised in favour of the opposing team(s). In all cases where penalties apply the provisions of Rule 5.1 "Penalties for Illegal Player Movement" shall apply.

Unregistered player is defined as some who has played the permitted 3 games as a fill in for one team. If the player wishes to continue playing, the player must register to the team via Play HQ.

5.4 General Comments

Clubs are strongly recommended to seek prior help from the WPBA Manager, who shall give a ruling. These rules seek to prevent a team gaining an unfair advantage over another team, whether by accident or design, through movement of players from one team to another. It is not intended to prevent a player from finding the grade suited to his/her skills or from making a team which might otherwise have to give a walkover.

5.5 Movement Between Clubs

Junior players may only play for one Club in the season, except where a Clearance is approved up to Round 5, and also

where a Permit is granted by the Association. These two exceptions are covered below.

5.5.1 Transfers & Clearances

A player wishing to transfer to another team/Club, teams/Clubs involved in the subsequent clearance applications, and the WPBA shall observe the following requirements:

(i) A player wishing to transfer to another team or Club shall obtain, on the prescribed form, a clearance from their present Club and lodge this clearance with the WPBA office.

(ii) Clubs must deal with any clearance application received, within 14 days. Where no reply is given within 14 days, the player may appeal to the Business Manager, who shall have the right to grant or refuse a clearance. Generally, where Clubs do not consider clearances within the prescribed period, a clearance will automatically be granted.

(iii) A player lodging a transfer application prior to Round 5, which is subsequently approved by the Association, will be eligible to play immediately.

WESTERN PORT

BASKETBALL ASSOCIATION

(iv) Clearances in circumstances not covered by the above Rules, or received after Round 5 of a season, shall be considered on their merit by the Domestic Committee and a recommendation shall be made to the Business Manager.

(v) Where the Association deems that the transfer of a player would adversely affect the competition (refer to clause

(vi) – dot point three, below), the player involved may either –

- Remain with the team of previous registration, and participate for the remainder of the season in question, or
- Be transferred to the new Club, but remain ineligible to participate in the season which is already under way.

(vi) In exercising discretion, the General Manager may be guided by the following general principles and considerations –

- The overriding desire shall be to ensure that persons wishing to play basketball are not prevented from doing so
 - Where contracts exist, or financial or property matters are contested, the Association may determine that a clearance is denied, until such time as the monies owing are re-paid, or property is returned;
 - Any transfer request after Round 5 of any season will be considered only where the player's transfer would not change the overall makeup of either team or relative strengths of the two grades, where this is relevant.
- (vii) Penalties for breaches of this Rule shall include the immediate forfeit of premiership points gained in the first instance of the breach (as described in Rule "5.1 Penalties for Illegal Player Movements"). No further penalty shall be incurred until official notification has been made to the team/Club. From that time all penalties applied shall be as described in Rule "5.1 Penalties for Illegal Player Movements".

5.5.2 Permits

A Permit must be submitted on the prescribed form and is valid for one season only. A Permit will be accepted only where both Clubs approve of the arrangement and the arrangement commences prior to the half way point of the season.

The effect of the Permit is to allow the player to participate with another Club (eg, where the Club, to which the player is registered, does not have a team at the desired age or grade level) for the duration of a season, but the player will remain registered with the original Club at the completion of that season.

6 Representative Players In the WPBA Domestic Competition

All teams from U/10 through to the U/20's in the WPBA Domestic Competition will be adjudicated under the Competition Superiority ruling. This ruling has been brought in to assist in the task of making the Junior Domestic Competition at Western Port both fair and competitive for all players, coaches, teams and supporters. The primary aim of the Domestic Competition is for fun and exercise for all concerned. While WPBA Rules require all WPBA Junior Representative players to also play in the Domestic Competition, it is essential that no one team should dominate in any competition as a result of being "stacked" with Representative players. In the case they are deemed superior; this team will have to be regarded to a higher grade/age group.

6.1 Criteria for Allocation to a Player

Principle: The general principal observed here is that the player's status at the start of the Domestic season remains in place until the end of the Domestic season including finals.

Definition: The Rep season is deemed to include all of the break that follows it, up to the commencement of the next representative basketball season.

6.2 Qualification

Any child who concurrently plays Domestic (WPBA) and Junior Representative (either for Steelers or for any other Representative Association) Basketball will be deemed a Junior Representative Player in accordance

WESTERN PORT

BASKETBALL ASSOCIATION

with the level of representative basketball played. Although there is no limit to the amount of players, teams who have 4 or more representative players are encouraged to enter a higher age group/grade.

6.3 Players Per Team

6.3.1 Teams

There is no limit to the amount of representative players allowed in each team.

7.Special Provisions for Junior Competitions
